BISWAJIT DAS

FINANCIAL CRIME COMPLIANCE ANALYST | AML | CRYPTO COMPLIANCE | QUALITY EVALUATOR | SPANISH

Sr. Quality Evaluator specializing in AML/KYC and Transaction Monitoring within financial crime compliance, with experience in alert investigation, KYC/CDD/EDD, PEP, sanctions screening, and customer risk assessment through **World-Check**. Experienced in analysing customer transaction behaviour, identifying AML red flags, conducting investigations, preparing investigation narratives, and escalating potentially suspicious activity in line with internal AML policies and procedures. Strong understanding of customer risk, transaction patterns, source of funds, counterparties, and financial crime typologies. **Certified Lean Six Sigma Green Belt (LSSGB) from KPMG**, bringing a structured, risk-based, data-driven approach to quality testing and process improvement. Proven ability to document findings clearly, communicate testing outcomes to stakeholders, and **partner cross-functionally** to enhance control effectiveness and governance.

WORK EXPERIENCE

CONCENTRIX DAKSH SERVICES INDIA PVT. LTD. – GURUGRAM
Sr. Quality Evaluator | May 2023 – Present

- Conducted **quality reviews of AML/KYC investigation cases** to assess accuracy, completeness, and adherence to defined procedures.
- Reviewed **transaction monitoring alerts and investigation decisions** for appropriate risk assessment and disposition.
- Identified **investigation errors, process gaps, and recurring quality issues** through structured case reviews and trend analysis.
- Conducted **Root Cause Analysis (RCA)** on quality defects and recommended corrective/preventive actions.
- Provided **feedback and coaching to analysts** on investigation quality, documentation, policy adherence, and decision-making.
- Collaborated with **Operations, Compliance, Training, and Policy teams** to address recurring investigation and process issues.
- Supported **process improvement initiatives** using Lean Six Sigma principles.

CONCENTRIX DAKSH SERVICES INDIA PVT. LTD. – GURUGRAM
Sr. Advisor I, Transaction Processing | Oct 2019 – May 2023

- Investigated **transaction monitoring alerts** by analysing customer profiles, transaction patterns, counterparties, payment activity, and historical behaviour to identify potential financial crime risks.
- Conducted **end-to-end alert investigations**, assessing unusual activity against customer KYC/CDD information, expected account activity, source of funds, and stated business purpose.
- Identified **AML red flags** including structuring, rapid movement of funds, unusual cash activity, high-risk jurisdictions, third-party transactions, and activity inconsistent with customer profiles.
- Prepared **detailed investigation narratives and escalation recommendations**, documenting findings, rationale, supporting evidence, and disposition in accordance with internal AML policies and procedures.
- Performed **customer and counterparty due diligence**, leveraging internal systems and screening tools (**World-Check**) to support risk assessment and escalate potentially suspicious activity for further review.
